To,

The Deputy Commissioner
Mysore District.

Sir,

When I took charge of this Sub-Division, Sreenivasiengar, who was then working here as Police Moonshee and was since transferred to the District Police Office, gave me a sketch shewing the present condition of the Melkoté temple as also the improvements which Mr. Madhava Rao had proposed to make.

2. As there was nothing on record to shew Mr. Madhava Rao's views and the nature of his orders, I send the sketch to that gentleman together with an explanatory memo drawn up by the said Moonshee and requested him to favor me

with an expression of his opinion in the matter.

3. He very kindly furnished me with a Memo on the subject.

4. I received it about this time last month when I was laid up with fever and deferred submitting it till I had seen the temple.

5. I have now seen the temple and think that the proposed improvements are desirable.

6. The sketch and the Memoranda referred to are enclosed.

7. The cost of executing the proposed improvements may be 1000 Rupees or so, — but I am not certain of this. A regular estimate will have to be made by the Public Works Department if the proposal is approved. The amount may be met out of the surplus funds of the temple.

I have the honor to be,
Your most obed. Servant.

Order thereon:— No.
Dated Camp Mysore, Feby 1888

When the French Rocks Sub Division Officer, Mr. Venkatavardiengar in his letter of 20th August 1886, proposed certain improvements to this temple, he estimated the cost would be about Rs 1,000. The estimate now received from the PW Department is for nearly Rs 5,000 on receipt of which, the Dy Commissioner was asked to report if the enclosed

The Dy Commr. observes that when Mr Venkatavardiengar was in charge of the French Rocks he proposed in his letter of August last, certain improvements to the Temple of Narasimhaswami at Melkote which he roughly estimated to cost about Rs 1000. As the estimate now prepared by the PW Department amounts to the very large sum of Rs 5000 the Dy Commr is requested personally inspect the Temple and report whether the entire project is necessary

Dated 17th May 1890.

To

The Deputy Commissioner

Mysore District.

Sir,

With reference to your docket no 79 of the 31st January last, regarding certain improvements to the temple of Sree Narayan as at Melkoté I have the honor to state that I inspected the building as January and offices and communicated my opinion to the Sub Division Officer in my docket No. B dated 10th March, herein enclosed. I have since visited the temple and I adhere to my former opinion viz. that the proposed improvements and repairs are absolutely necessary for bringing up this old temple to a proper standard of safety and for the convenience of the devotees who visit the place during the Jatra and on other occasions.

2. The Palace authorities have no objection to remove the images of late Maharajas &c. to another part

part of the temple and this may easily be done as they are not fixtures.

3. The removal of the idol "Ramalwar" is a disputed question and it seems to me advisable to leave it alone, in the place in which it is now located, with the exception of this single item, all the improvements and repairs provided for in the estimate may be executed.

4. The "Valamanmantapam" is badly in need of repairs and "Kalasams" are missing from the top of the "Gopurams" I think it better to repair the former and replace the latter on this occasion and complete the whole work in connection with this temple once for all.

5. The balance at the credit of the temple according to the Taluk accounts is Rs 14,249-4-1. A reference has been made to the District Treasury to verify these figures, but no reply has yet been received. Needful information may

may easily be obtained on this point by a reference to the Treasury Accounts.

No: B Dated 10th April 1890.

His official memo of No: 127 of the 17th instant accord certain improvements to the Sree Narayanaswamy temple at Melkote.

In reply he has the honor to state that the undersigned inspected the temple in company with the Amildar Managers and officials of the temple. He considers that the proposed repairs and improvements are necessary and the Amildar and the temple officials agree with him. It will be seen from the specification accompanying the plan and estimate that it is proposed to remove the remains of His late Highness the Maharaja Krishnaraja Wadiar and Maharanies and also the idol called Ramalwar from

three

their present to other places. One section of the Iyengar Brahmins object to the removal of the latter from its present place, whilst the other party contend that it may be removed and refixed in another place performing certain ceremonies.

The undersigned thinks it necessary to consult the Palace Department about the removal of the vimanas of the late Maharaja and Maharanees. With the exception of these two the other improvements may be carried out.

2. The Valiana Mantapam is badly in need of repairs and no provision seems to have been made for it in the Estimate.

3. The Kalasas on the top of Goparams are missing, or are out of order. These will have to be replaced.

4 The Talook accounts show that a sum of Rs 14,249 — 2 — 1 is in surplus funds to the credit of the temple.
